

The romantic and beautiful setting overlooking the Caña Fistula valley in Costa Rica and close proximity to Town and Beach, while still preserving the peaceful nature of Costa Rica, makes the El Sabanero Eco-Lodge the perfect place for getting married or spending your honeymoon.

Due to its small size consisting of only 10 Chalets a small wedding party of up to 25 people can take over the whole Hotel at a very special price and enjoy this special time without interference from any outside guests.

Our spectacular infinity pool is at the perfect temperature all year long and our restaurant serves some of the best food in all of Costa Rica including Local and International dishes at very reasonable prices.

The management at the hotel can make all arrangements for you including Reception Dinner, Decoration, Marriage certificate and Legal representative and we can put you in touch with local wedding organizers for any special wishes you may have.
